BAND-IT®

BAND-IT® Ties

The Reusable Stainless Steel Tie

Stainless steel BAND-IT® Ties provide everything you need in a tie, plus more!

- Environmentally friendly, reusable design
- Unique and flexible design allows double wrapping for increased strength
- Can be used to quickly fasten, bundle, hang, secure or band items together
- Ideal for either indoor or outdoor use in regular or harsh environments
- Secures items tightly, even when subjected to vibration and shock
- Resistant to fire, physical abrasion, hazardous gasses and liquids, UV light and temperature extremes
- Halogen free and nontoxic when exposed to flame

BAND-IT® Stainless Steel Ties

Versatile in function. BAND-IT® stainless steel ties can be reused, rewrapped and rebundled. Need to tie something back? No problem! Bundle something? Securely fasten items together? Use the BAND-IT® tie!

BAND-IT® Cable Tie - AA Series
200/300 Stainless Steel Nylon 11 coated

BAND-IT® Stainless Steel Ties - AA Series

BAND-IT® stainless steel ties. The most widely used stainless steel tie. Industrial strength, reusable with thousands of applications. **ROI on your investment.**

BAND-IT® Cable Tie - AE Series
316 Stainless Steel PPA571 coated

BAND-IT® Stainless Steel Ties - AE Series

BAND-IT® stainless steel ties are formulated to prevent UV breakdown, and to stand up to harsh chemicals and extreme temperatures. Won't crack, fade or break like traditional nylon ties can.

Product Features

The BAND-IT Cable Tie - AA Series

- Constructed of 200/300 Stainless Steel with Nylon 11 coating
- Available in three widths; 6.35 mm, 9.525 mm and 15.875 mm One-piece construction with unique buckle designs capable of double wrapping for special strength requirements and reliable installation
- Nylon 11 provides good chemical and salt spray resistance, excellent abrasion resistance and flexibility
- UL listed and DNV Approved

THE BAND-IT Cable Tie - AE Series

- Constructed of 316 Stainless Steel with PPA571 coating
- Available in two widths; 6.35 mm and 9.525 mm One-piece construction with unique buckle designs capable of double wrapping for special strength requirements and reliable installation
- PPA 571 is resistant to stress cracking, adverse weather conditions, detergents, salt spray and typical airborne pollutants
- DNV Approved

Product Benefits

- Quick and easy application by hand or with tools
- Thousands of applications
- Durable, can be unfastened and reused again and again without breaking
- Ideal for indoor and outdoor use
- Secure installation and strong enough to resist vibration
- Nontoxic and flameproof with low smoke
- Nonconductive cable tie coating
- High resistance to corrosion; sand, salt, acids, temperatures and chemicals
- Flexible even at low temperatures
- Lasts much longer than standard nylon ties.

Tools

Bantam Tool

Part No	Bantam Tool
C07569	Use to apply band, ties and miscellaneous strapping.

Cable Tie Tensioner

Part No	Cable Tie Tensioner
AE2009	Hand tool for tensioning BAND-IT® Ties.

Tensioning Hook

Part No	Tensioning Hook
AE2018	Use to tension BAND-IT® Ties.

Corrosion Resistance

	200/300 Stainless Steel	316 Stainless Steel
Mild Atmospheric and Fresh Water	Good	Excellent
Industrial Atmosphere	Good	Very Good
Marine Atmosphere	Good	Very Good
Salt Water Splash Zone	Good	Very Good
Mild Chemical	Good	Very Good
