Operating Instructions

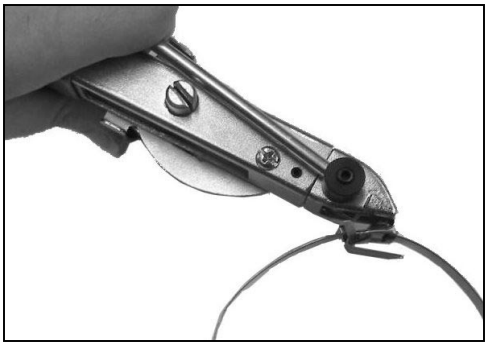

J020 Pok-It II Tool

1. Cut off adequate band from roll of 6.35 mm or 9.525 mm BAND-IT band by opening the slot in the head of the tool with the cut off lever at right angles to the tool. Thread the band through the slot and cut.

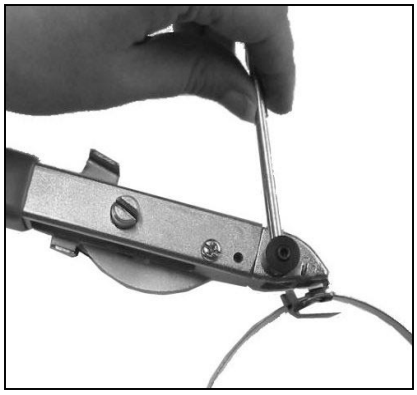

2. Form a clamp by threading the band through buckle and make a fold under the buckle. Insert tail of clamp into head of tool and slide into slot of winding mandrel. Depress locking pawl and tension clamp with forward strokes of the ratchet wrench.

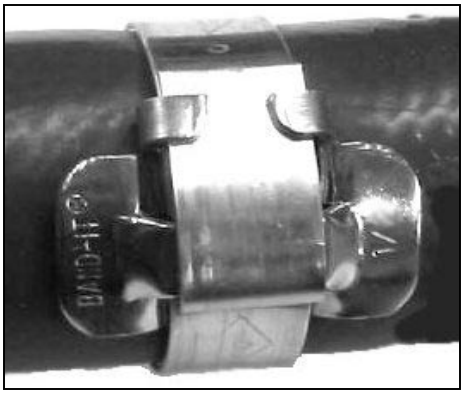

3. When sufficient tension has been applied, release locking pawl and rotate tool over object being clamped.

Note: For extra strength double-wrapped band is recommended.

4. Cut off excess band by lifting cutter lever.

5. Complete clamping operation by tapping down ears of buckle with a hammer or mallet.

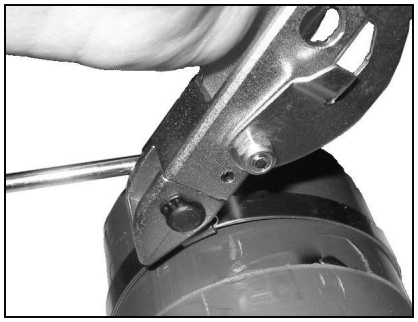

6. Remove band wrapped around winding mandrel by lifting up on locking pawl. Reverse ratchet and withdraw tensioning wrench from tool.

Jr. Preformed Clamps:

7. Insert tail of the preformed BAND-IT Jr. clamp into the tool. Tension as shown in steps 2 & 3. When tensioned sufficiently, release locking pawl and rotate over object being clamped. Cut off, leaving stub.

8. This stub should be shortened. With cutter in the open position, Place tool over stub, insert into slot and trim off excess.

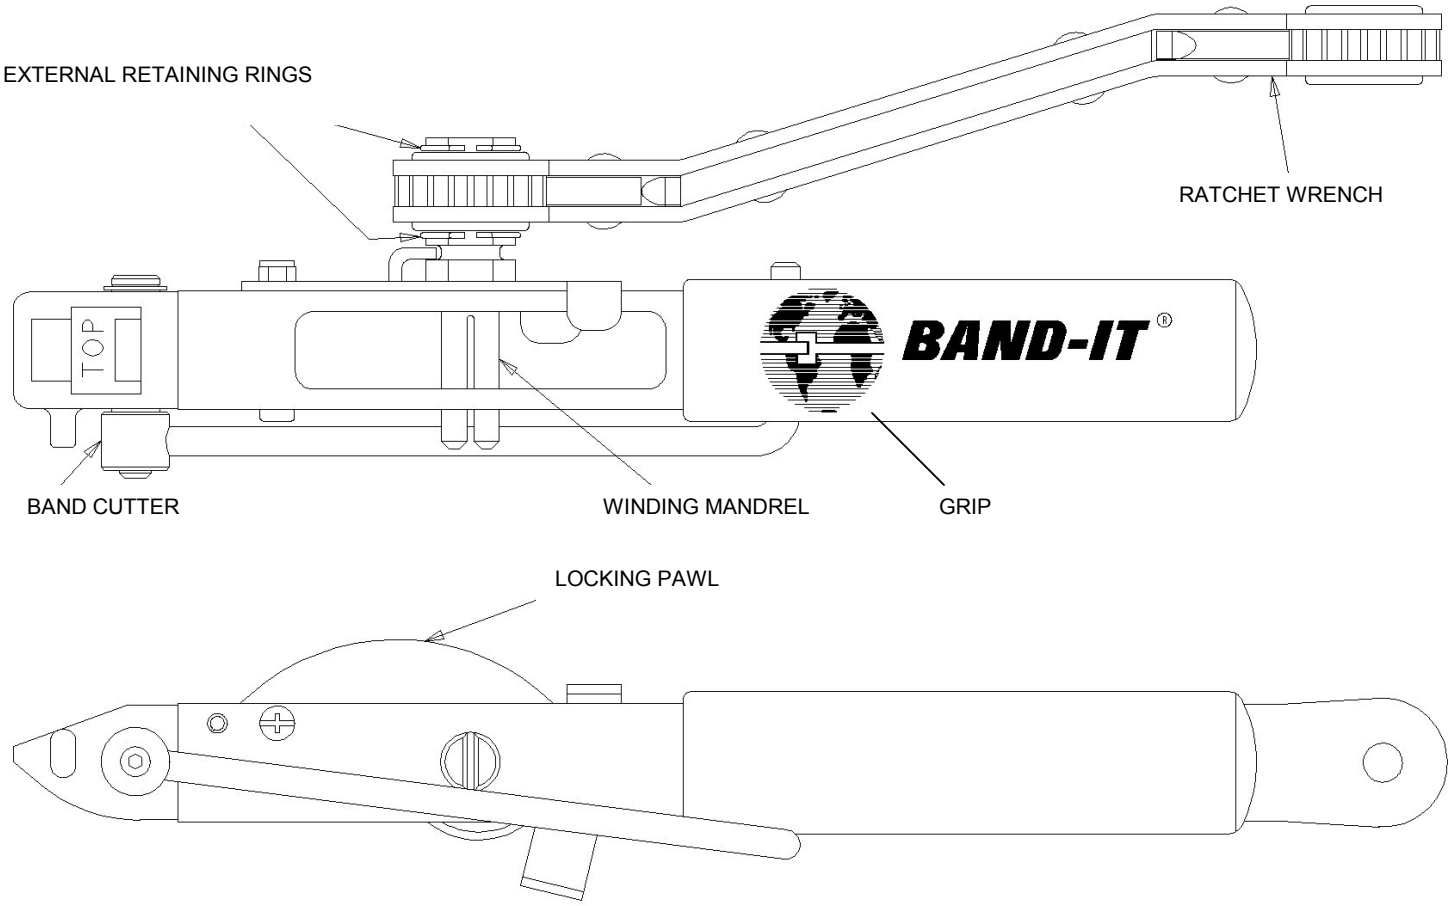

9. Complete clamp by tapping lip of band over buckle and remove ratchet wrench from tool as shown in step 6.

Unless sold without warranty, BAND-IT products are warranted to be free from defective workmanship and/or materials for a period of one year from the date of purchase. Warranty on tools is void if clamps not meeting BAND-IT specifications are used, or if the tool is altered or abused in any manner, including lack of lubrication or used for any purpose in any way not intended by the manufacturer as specifically covered by the instructions accompanying the tool. Specific tool components, such as knives, blades and grippers, which are subjected to normal wear, are excluded from this coverage, as component life depends on usage of the tool. Tools that are repaired or sold as used by BAND-IT are subject to a warranty of 90 days from date of shipment. **NO OTHER WARRANTY OF ANY KIND WHATSOEVER, EITHER ORAL OR WRITTEN, INCLUDING IMPLIED WARRANTY OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, OR OTHER WARRANTY OF QUALITY IS EITHER EXPRESSED OR IMPLIED FOR THE PERFORMANCE OF BAND-IT PRODUCTS. BAND-IT SHALL NOT BE LIABLE FOR SPECIAL, INCIDENTAL, AND/OR CONSEQUENTIAL DAMAGES, EVEN IF BAND-IT HAS BEEN NOTIFIED OF THE POTENTIAL OF SUCH LOSS OR CLAIM. (8/02)**
