TRADE-TIE

The Tradesman's Choice
316 Stainless Steel Ball- Lock Cable ties

TRADE-TIE 316 Stainless Steel cable ties have a high tensile strength and are easy to use with a self-locking application or with a tool, for uniform tension and cutting.

Lasting far longer than nylon ties, stainless steel cable ties are a quick and effective way of securing cables and have high corrosion resistance.

In a range of lengths, coated and uncoated, they can be used in virtually all indoor, outdoor, heavy industrial and underground application. Additionally, Black Epoxy coated ties reduces the risk of cutting or scuffing cable.

- **EXTRAORDINARY STRENGTH - Manufactured in high strength and durable 316 Stainless steel.**
- **Available in 2 widths - 4.6 and 7.9mm for use with identification and bundling larger cables.**
- **Loop tensile strengths - 60kg and 117kg to select for your requirements.**
- **Self-locking or by tools available to ensure precision tension and uniform cut off.**
- **Non flammable and fire resistant to 500℃**

TRADE-TIE Ball Lock 316 Stainless Steel Cable Ties

- Stainless steel cable ties are a quick effective way of securing cables.
- High corrosion resistance ideal for marine projects and harsh environments.
- They can be used in virtually all indoor, outdoor, heavy industrial and underground applications.
- Unique self-locking mechanism that allow easy and quick application.
- High tensile strength – 60 & 117 kg
- Non-flammable
- Temperature range: 80℃ ~ 500℃

Custom Colour TRADE-TIE Stainless Steel Cable Ties

- Available in a range of custom colours
- Minimum ordering quantities and lead times applies

TRADE-TIE Black Epoxy Coated 316 Stainless Steel Cable Ties

- **Black Epoxy coating reduces the risk of cutting or scuffing cable.**
- **High corrosion resistance ideal for marine projects and harsh environments.**
- **Unique self-locking mechanism that allow easy and quick application or with available tools.**
- **High tensile strength – 60kg & 117kg**
- **Non-flammable**

Tools & Manuals for Stainless Steel Cable Ties

KT Cable Gun Ball Lock
Stainless Steel Cable Tie Gun.

- **Automatic Cut off**
- **Adjustable Tension**

For: 4.6mm – 7.9mm mm

KS652 Cable Tie Tool
Ball Lock Tensioner & Cutter Tool

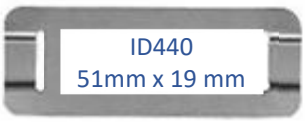

- **Precision tension**
- **Manual Cut off**

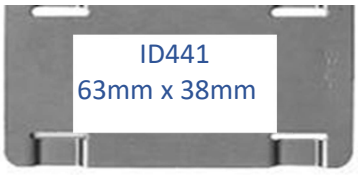

For: 4.6mm – 12mm

ID Tagging System

Using ID Tags ensures smart and effective cable identification. With slots up to 7mm width, the ID Tags are suitable to be used with **TRADE-TIE** Stainless Steel Ties. An ID Tag imprinter engraves ID tags and is available with a choice of character sizes.

ID Tag Imprinter Tool
